SUBJECT AAR Project Monthly Status Update License: STB-0362 (Terminated) Docket.: 040-00235 (Terminated)				
SUMMARY (Continue on Page 2) List of attendees: NRC HQs staff: Ted Smith, and Duane Schmidt Region III: Gene Bonano, Tel: (630) 829-9826 AAR: Bob Regan, General Counsel, and Don Vilim, Assistant General Counsel				
The following was discussed: <ol style="list-style-type: none"> 1. Licensed Decommissioning Service Contractors - AAR indicated that they had received quotes from several service contractors and determined that they intend to continue negotiations to reduce the cost. AAR was inquiring about a list of other contractors available from the NRC. NRC does not provide such a list and does not endorse any individual contractor to perform decommissioning work. NRC referred AAR to NUREG-1757 for guidance in the use of service contractors. 2. Draft Work Plan - NRC referred AAR to NUREG-1757, Vol. 1 and 2 for guidance in drafting their work plan. Although, the guidance was written for licensees who require writing a decommissioning plan (DP), the same guidance can help AAR put together a site specific work plan for remediation and final status surveys. NRC recommended that AAR could provide a copy of the table-of-contents of the work plan to the NRC HQs staff for their review. 3. Financial Assurance - AAR requested any information regarding funding instruments available. NRC referred AAR to NUREG-1757, Vol. 3 for financial assurance guidance. 				
Continue on Page 2				
ACTION REQUIRED AAR to make a final decision to go with an restricted or unrestricted release and to complete a site specific work plan for NRCs review before work can begin.
